WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

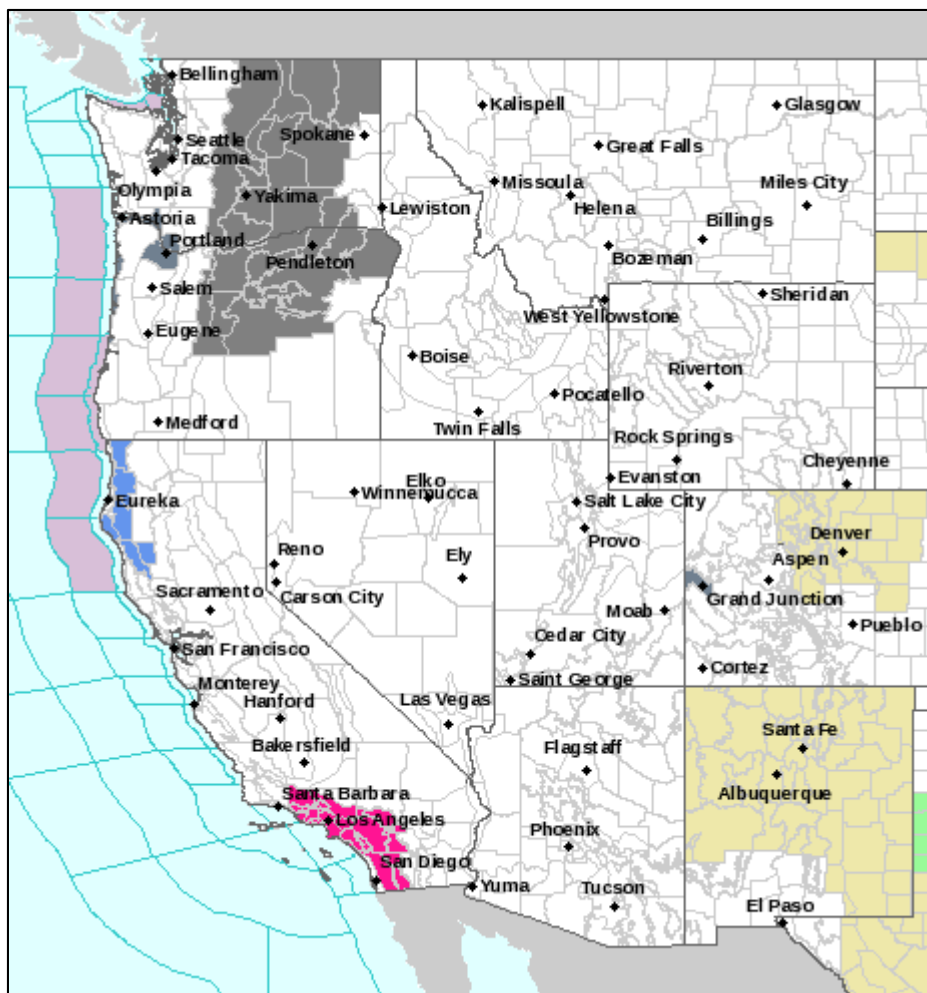

- High pressure will produce warm and very dry conditions through Sunday.
- Daytime minimum relative humidity (RH) 10-20% inland areas and mid and upper slopes near the coast. Overnight RH recovery to 20-40% on mid and upper slopes.
- Afternoon max temperatures 5-10 degrees above normal.
- N-NE/Offshore gusts to 15-25 mph during nights and mornings on the mid and upper slopes from the western Cascade-Sierra slopes to the coast. Except, NE gusts 20-30 mph down Western Cascade-Sierra slopes for several hours tonight.
- Onshore flow pattern starting Monday will lead to higher humidity, cooler temperatures, better smoke dispersion for burn projects, and a deeper marine layer that moves farther inland each night.
- A slight chance of light rain showers far NW CA Tuesday night and Wednesday, spreading across the north and in the Coast Range as far S as Santa Rosa Wednesday night through Friday.

SOUTHERN CALIFORNIA

- A weak area of low pressure currently off the California Coast will move inland over California Sunday and stay over the state Monday. A trough will move into the Pacific Northwest on Tuesday causing the low to open and push off to the east. A ridge of high pressure will build into California from the southwest Wednesday through the end of next week.
- Northeast to east winds of 15 to 25 mph with gusts to 40 mph will surface across the mountains and below the canyons and passes of Southern California this morning.
- The northeast to east winds will decrease in strength and become localized this afternoon through Saturday morning and then winds will become light by Saturday afternoon.
- Maximum temperatures will be 5 to 10 degrees above normal through Saturday, with upper 50s and 60s across the mountains and upper 70s and 80s in the valleys.
- Minimum humidity will be between 12% and 25% through Saturday.
- Isolated to scattered showers and thunderstorms will form over the mountains and deserts Saturday afternoon through Monday afternoon.
- Maximum temperatures will cool to near normal Sunday through Tuesday.
- Minimum humidity will increase to above 20% across the region Sunday through Tuesday.
- Warming and drying will take place Wednesday through the end of next week.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-52413, 10/19/18, 0201 hours:** The Air Force Rescue Coordination Center (AFRCC) contacted the CSWC regarding a personal locator beacon (PLB) activation plotting in a residential neighborhood of Monterey. Efforts to contact the registered owner (R/O) and emergency contact phone numbers were met with negative results. Monterey PD was asked to check the area where the device was sounding but was unable to see anyone in distress. **Update 10/19/18, 0730 hours:** AFRCC advised the device has moved south east during the night. The device is plotting in a wooded area near Westland Community Hospital. This information was relayed to Monterey PD who advised the original activation coordinates and current coordinates correspond with their homeless community areas. Monterey PD will conduct an area check to see if they can locate anyone in distress. **Mission Ongoing.**
- **2018-LAW-52389, 10/18/18, 1512 hours:** The Mariposa County Sheriff's Office is requesting two human remains detection (HRD) dog teams to search for a missing person from a vehicle that was swept away due to a washout on Hwy 132 several months ago. The Cal OES Canine Coordinator is working to staff the request which is scheduled for 10/27/18 at 0800 hours. Meeting place is the Mariposa County Sheriff's Office. **Mission Ongoing.**
- **2018-LAW-52239, 10/11/18, 1555 hours (reopened):** Plumas County requested 3 HRD dog teams for a search in the Lake Davis area. The search was scheduled for Saturday, 10/13/18. The Cal OES Canine Coordinator secured the requested resources. **Update 10/17/18:** Plumas County has requested to reopen this mission and asked for HRD dogs teams for an operational period on 10/20/18. **Update 10/18/18, 1553 hours:** The Cal OES Canine Coordinator has secured three HRD dog teams for the upcoming operational period for 10/20/18. **Mission Ongoing.**
- **2018-LAW-50684, 10/11/18, 1430 hours (reopened):** Yolo County requested a prior mission be reopened to allow for additional searches. Yolo County has been using HRD dog teams to search for a deceased individual in the Woodland area. **Update 10/18/18, 2145 hours:** Yolo County notified the Cal OES Law Enforcement Duty officer (LDO) of mission update status. The Cal OES Canine Coordinator has secured three HRD dog teams for the upcoming operational period for 10/20/18. **Mission Ongoing.**

- **2018-LAW-52349, 10/16/18, 1245 hours:** Nevada County had located a human hip bone and is requesting resources to locate additional bones near Truckee, Nevada County. They are requesting 20 Type I / II ground searchers and as many HRD dogs as possible for a search on 10/17/18. **Update 10/17/18:** Nevada County requesting to extend this mission until 10/18/18 and have requested 7 HRD dog teams and 20 ground personnel. **Update 10/18/18, 1553 hours:** [Nevada County has suspended their search efforts and requested no additional assistance.](#) **Mission Closed.**
- **2018-LAW-52285, 10/13/18, 1736 hours (reopened):** Mono County requesting a FLIR equipped helicopter and tracking dogs to assist in the search for a missing 16 year old female. The female was exhibiting delusional and paranoid behavior after injecting drugs. The female ran away from her home in the Bishop area on 10/13/18 at 0630 hours. CHP committed a FLIR equipped helicopter for a night search but had to cancel due to weather conditions. California National Guard (CNG) committed a search helicopter for 10/14/18, 1100 hours. Cal OES Canine Coordinator is coordinating the tracking dogs. **Update 10/14/18:** Mono County continuing search with SAR resources and investigative personnel. **Update 10/15/18:** No additional clues developed. Mutual Aid assets released. Search to continue using local resources and investigators. **Update 10/16/18:** Mono County has requested an additional day of helicopter search support. China Lake Naval Weapons Center accepted the mission and will deploy on 10/16/18. **Update 10/17/18:** Additional search by Navy helicopter did not reveal any additional clues. Mono County has requested aerial photos of the area to be used in an effort to locate the victim and identify area that need additional searches. **Update 10/17/18:** Unable to secure a resource for the aerial photographs with the resolution that Mono felt would meet the need. Mono County also requested a helicopter or fixed wing to conduct a FLIR search of the area. A fixed wing from CHP Fresno has tentatively agreed to conduct to FLIR flight on 10/18/18. **Update 10/18/18, 1209 hours:** [CHP H-40 has accepted the request and responded to search the area requested. CHP H-40 search was met with negative results. Mono informed the LDO they have suspended their search at this time and may opt to re-open the number later if additional evidence or clues are revealed.](#) **Mission Closed.**
